Message from Rector

The Virtual University of Pakistan has created a number of student societies and clubs to provide students opportunities to develop and exhibit their talent in non-academic areas. Activities organized under these bodies are collectively referred to as "Life at VU". The core purpose of these activities is to inculcate qualities of leadership, teamwork and self-reliance in students concurrently with their studies.

It gives me great pleasure and satisfaction to see that students of the Virtual University have participated with utmost zeal and zest in all the extra-curricular activities organized by these societies over the last several years. I congratulate the winners, runners-up and participants for their tremendous efforts and sportsman spirit and I look forward to the day when students will take over the running of these clubs and societies themselves.

I also commend the efforts of all the organizers for arranging such exciting and wonderful events and look forward to even more enthusiastic participation by all Virtual University students in the events planned for 2017.

ABOUT US

INTRODUCTION

The Virtual University is Pakistan's first public sector university based completely on modern Information and Communication Technologies with a clear mission: to provide extremely affordable world class education to aspiring students all over the country. The University opened its virtual doors in 2002 using television broadcasts and the Internet thereby allowing students to follow its rigorous programs regardless of their physical location. The objective was to alleviate the lack of capacity in existing institutions while simultaneously overcoming the acute shortage of qualified professors in the country.

By identifying the top professors of the country, regardless of their institutional affiliations, and requesting them to develop and deliver hand-crafted courses, the Virtual University aims at raising the standard of higher education in Pakistan by providing high quality, easily accessible and affordable world-class education not only to its own students but also to students of all other universities in the country. The University holds a Federal Charter, making its degrees recognized and accepted all over the country as well as overseas. Pakistani students residing overseas in several other countries have also enrolled in the University's programs.

MODE OF EDUCATION

The University relies on digital media, Internet and free-to-air satellite television broadcasts to impart education. The University has its own four television channels (VTV1, VTV2, VTV3 & VTV4) and students have the liberty to watch their lectures in the comfortable surroundings of their homes which become virtual classrooms of VU or at any of the many VU campuses spread all over the country. These lectures are also available in DVD format and can easily be purchased at a minimal cost from University's on-line Bookshop (<http://bookshop.vu.edu.pk>).

The lecture videos are also available on the globally popular forum YouTube site with a weblink <http://www.youtube.com/vu>. Over 6000 video lectures on YouTube make it one of the largest contributions by any university to the Open Education Resources (OER) movement. VU has now published all courses on its open courseware site (<http://ocw.vu.edu.pk>), and thereby joined the ranks with top universities of the world. VU's open courseware site has been ranked as the best new open courseware site for the year 2012 by the international OCW Consortium.

The students and teachers use the Internet to interact with each other. For this purpose, the Virtual University has developed an online Learning Management System (LMS) through which the students have 24/7 access to reading material, lecture videos, notes and prescribed texts. The students use this system to hold discussions with their class fellows and put questions to their teachers related to the course material, to which they receive comprehensive and timely replies from their respective course teachers. The LMS is also used to hand out assignments to students and hold pop quizzes and practice tests. This innovative and unique mechanism for the delivery of education adopted by VU offers a high degree of flexibility to students who may view the lectures at a time of their choice.

Examinations are conducted by the Virtual University in a formal strictly proctored environment. Exam centers are announced, examiners and invigilators are appointed and students are allowed to set their own date sheets during mid and final term examinations. Examinations are conducted electronically and each student receives unique exam paper.

OUTREACH

Since the opening of virtual doors in 2002, the University has outreached hundred cities of the country with more than 170 Private Virtual Campuses and 27 VU owned campuses. These campuses provide the required infrastructure for studying and conducting the examinations for more than 100,000 students of the University. In addition, VU has established its own campuses at Abbottabad, Badin, Bahawalnagar, Bahawalpur, Dera Ghazi Khan, Faisalabad, Gujar Khan, Ghotki, Gujranwala, Hyderabad, Islamabad, Jalalpur Pirwala, Jhelum, Karachi, Lahore, Makhdoom Rasheed, Multan, Muzaffargarh, Nankana Sahib, Peshawar, Pattoki, Qadirpur Raan, Quetta, Rawalpindi, Sahiwal and Sukkur with more to follow.

LIFE AT VU

The Virtual University of Pakistan (VUP) laid the foundation of its Students' Societies with the aim to transform the minds and lives of its students through creative expressions. The founding member of "Life at VU" is Professor Dr. Muhammad Nawaz. Under his kind leadership, the Virtual University has successfully conducted three consecutive Student Week Events. The purpose of this platform is to bring forward the best students who offer their passion, commitment and good intent to highlight VU as a purposeful and focused toolkit to instill various skills and talents. To develop confidence and leadership qualities among students by triggering their talents, the following societies/clubs are performing their roles by engaging students in activities where they would put their heart into performance:

- Camera Club
- Character Building Society
- Debate Society
- Environmental Protection Society
- IT Club
- Literary Club
- Performing Arts Society
- Quiz Society
- Society for Rising Entrepreneurs
- Sports Society
- Tourism Club
- Youth Parliament

Student Week

STUDENT WEEK 2016

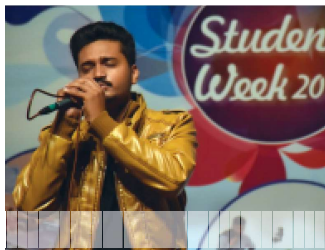

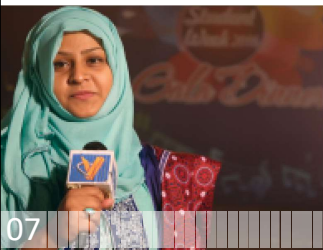

National Event

The Virtual University of Pakistan (VUP) being a distance education institution is well aware of the importance of students' interactions and their involvement in extra-curricular activities. Stylistically diverse in nature, yet nationally resonant, the 2016 season of "Student Week", offered different competitions under various genres of societies.

Mission of "Student Week 2016 National Event" is to connect diverse groups of students for a shared future towards solidification of VU's status as an important gateway to learning through self-experience. More than 500 students (winners of regional competitions) across the country participated in National level event and represented their respective regions. Students participated, contributed and celebrated the Student Week 2016 National Level Event with full of excitement, thrill and enthusiasm from November 01 to November 03, 2016.

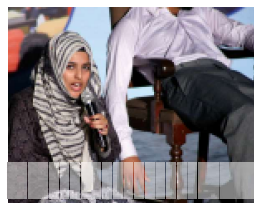

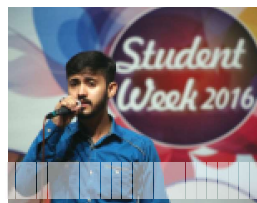

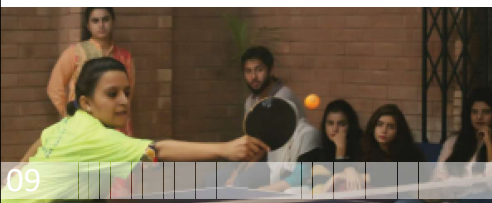

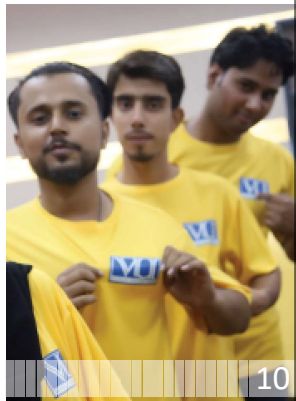

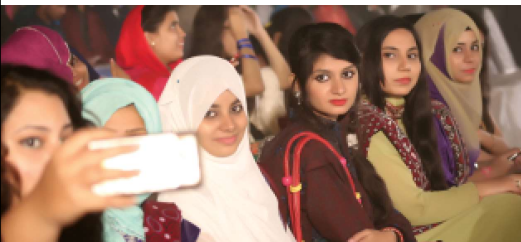

To objectify the mission of "Life at VU", a "Student Week" is celebrated every year covering seven days of heated competition, amazing entertainment and never-experienced feeling of achievement for the promising participants across all campuses of Virtual University of Pakistan. In this event, VU invites its athletes, actors, poets, comedians, performers, environment custodians, hikers, photographers, and singers to come and prove their talent. Competitions of "Student Week" start from campuses level across the country and all campuses forward selected students to compete at regional level from where the winners of each category are selected to compete at National Level Event. Students are also encouraged to represent the Virtual University in different inter-university or national level events.

COMMENTS AND REVIEWS

Muhammad Zulqarnain: Campus Manager Faisalabad

What a triumph!

I just wanted to congratulate organizers for inspiring & organizing such a profound and spectacular event. Most importantly, the CMs' active contribution across the country is highly appreciable and I believe that students also learnt a lot and the whole experience gave them fresh hope and provided new ideas for the future.

Azam Ali: Regional Campus Manager /Campus Manager Multan

I believe extra-curricular activities play a role to develop a well-rounded, socially skilled, and healthier students. "Student Week 2016" really deserves appreciation and it has sparked a flame in campus life. I am confident that in the years to come "Life at VU" will be an integral part of VU culture.

Shiraz K. Lodhi: Regional Campus Manager North

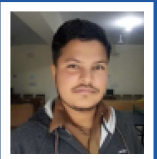

We, at Virtual University, always encourage and offer a wide range of co-curricular activities to our Students. Student Week has emerged as an iconic event which covers multiple interesting activities right from photography to sports in a more organized manner. I am glad to share that students were more ignited & energized when regional-level competitions were brought to National-level. It, indeed, made their participation extra joyful left with life-long delightful memories. Last, we are committed to add a continuous value and making this event more vitalizing and entertaining in years to come.

STUDENT COMMENTS

Jamshaid Iqbal: Sahiwal Campus

Student week is an excellent activity when VU students feel their strong bond with the university. Meeting with students of all regions especially a visit to head office gives a feeling that we belong to a big institute. Student week is an excellent opportunity for all VU students to show their talent. On the other hand, by talent hunting from all over the Pakistan, provides best multicultural talent that can be utilized at national and international level.

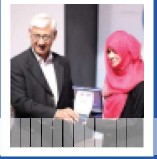

Muhammad Ahmed: Multan Campus

I am Winner of Debates Competition. I am very much thankful to Virtual University that provides me platform to show my talent and enhance my skills in debates. These kinds of opportunities are too much beneficial for students' over all personality development.

Zameen Irfan: Gujranwala Campus

Student week 2016 was one of the outstanding events I had ever attended. Personally I think this event was well-organized and very successful. I would like to thank VU management for organizing such a *great event* for us which left golden memories in our minds.

Malik Muhammad Farhan: Rawalpindi Campus

The way Virtual University organized student week was really amazing and most wonderful event in our university life. I don't think that there was any student of VU who did not enjoy this event. I hope, next student week will be more amazing and more joyful.

Amir Sohail: Rawalpindi Campus

Last November, our cricket team was on the way to Lahore from Islamabad to participate in VU Cricket Cup. We won the final and marked the event with success. My Student week experience was the best ever experience in my student life. I was amazed by the facilities and arrangements done by VU.

Nayab Kokub: Gujranwala Campus

Co-curricular activities are essentially important to promote sustainable learning. The Virtual University of Pakistan, in this respect, successfully managed student week which provided quite handsome amount of wonderful infotainment opportunity.

Ahmed Zohail Akhtar: Islamabad Campus

The student week proved a huge success. Students utilized this platform as an outlet for their energies and also learned the importance of team-work and hard work. VU really gives value to its students and recognizes their talents. We enjoyed every moment of this event and would participate again with great zeal.

M. Rizwan Afzal: Rawalpindi Campus

Being a student of VU, as it is a distance learning university, I was very much concerned that I would not be able to avail avenues for extra-curricular activities. But Student week 2016 was above my expectations. VU's student focused approach has always been appreciated by students but student week due to overwhelming response, is getting popular and I am anxiously waiting for the next event.

Sarfraz Ali: Multan Campus

I am very glad to say that in 2016, virtual university took a good step of student week at a higher level. I want to congratulate our campus manager and organizers of the event who showed their best ever efforts for such a great event.

Abdul Waqar: DG Khan Campus

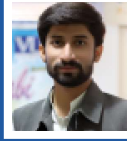

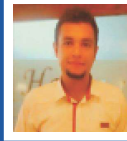

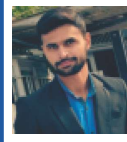

I had a great experience, firstly, in regional level competition and then National level competition. It provided us exposure to interact with other campus students. It also created a healthy competition among students of different campuses. Such events should be held on regular basis.

Babar Zaman Khan: Hyderabad Campus

Being a student president, it was a great opportunity for me to show my leadership skills. With the kind support of campus management and fellow students, we were able to organize regional level event with a great success. By participating in regional event at Lahore and competing with fellows of different regions, we have opportunity to meet and compete with students of different cities and have shared the skills of other students.

Ali Hamza: Lahore Campus

"Student Week 2016" is not just an event; It has turned out to be a legacy for the Virtual University Of Pakistan: the legacy which has brought students from every sector close to one another. Even, It gives us an unforgettable memory, because some memories are sweet fragment; they will remain ever vivid and heartwarming.

ACKNOWLEDGMENT

Virtual University would like to thank all the minds and hands behind the success of 'Student Week'. Student Week would not have been possible without the continuous support and sincere efforts of Faculty Members, Students, Regional Campus Managers, Campus Managers, Administrative Departments and Supporting Staff in making it a success.
